# **Business Report for the 22nd Fiscal Year**

April 1, 2023 to March 31, 2024

Sumitomo Mitsui Financial Group, Inc.

# Business Report for the 22nd Fiscal Year

(April 1, 2023 to March 31, 2024)

## 1. Matters Regarding the Current Condition of the Company

### (1) Business Progress and Results of the Group

#### Economic and Financial Environment

During fiscal 2023 (fiscal year ended March 31, 2024), the global economy saw a slowdown in its recovery pace that had continued from the previous fiscal year, stemming from a decline in household purchasing power due to persistent inflation and high interest rates resulting from monetary policies tightening. However, in the U.S. favorable environment for employment and income supported personal consumption, leading to a steady economic recovery.

As for the Japanese economy, capital investment increased, mainly in software for labor-saving and digitalization, underpinned by solid corporate earnings. On the other hand, although personal consumption saw a recovery owing to the normalization of economic activities following the lifting of restrictions related to the impact of 2019 novel coronavirus disease (COVID-19), it continued to grow at a sluggish pace due to prolonged high prices.

In the Japanese financial and capital markets, although negative interest rates were maintained on a portion of private financial institutions' current accounts under the Bank of Japan (BOJ)'s Quantitative and Qualitative Monetary Easing with Yield Curve Control, long-term market interest rates increased to the 0.9% level in early November following the BOJ's decision in July and October 2023 to facilitate more flexible operation of long-term and short-term interest rates, and then temporarily declined to the 0.5% level during the year-end and New Year as long-term interest rates fell in the U.S. After that, with growing expectations that the BOJ will revise its monetary policy, long-term market interest rates rose again to the 0.7% level since late January 2024, and following the BOJ's decision to review the framework of Quantitative and Qualitative Monetary Easing with Yield Curve Control and terminate the negative interest rate policy in March 2024, short-term market interest rates which had been ranging from minus 0.1% to 0% turned positive, reaching the 0.07% level by the end of the fiscal year. In the areas of foreign exchange, the yen depreciated against the dollar, reaching the 151 yen per dollar level at the end of the fiscal year, influenced by rising interest rates in the U.S. in the first half of the fiscal year and the retreat of speculation on early interest rate cuts in the U.S. in the second half of the fiscal year. Although the Nikkei Stock Average saw a sluggish growth in the mid-year, it recorded an all-time high in late February 2024 and remained above 40,000 yen toward the end of the fiscal year due to heightened expectations for improved performance by domestic companies and rising stock prices in the U.S. market.

Regarding financial-related laws and regulations, the Act Partially Amending the Financial Instruments and Exchange Act, etc. was enacted in November 2023, stipulating matters such as the best interest obligation that requires a broad range of parties concerned, including financial services providers and corporate pension providers, etc. to be in good faith and fair in the performance of their services taking into consideration the best interests of the customers, etc., and accountability corresponding to attributes of the customers.

#### Business Progress and Results

Under these economic and financial circumstances, Sumitomo Mitsui Financial Group, Inc. (hereinafter, "the Company") and its subsidiaries (hereinafter, collectively with the Company, "the Group"), which mainly engage in commercial banking and other financial services, including leasing, securities, and consumer finance, have been working towards the realization of the vision of becoming "a trusted global solution provider committed to the growth of our customers and advancement of society, " and in 2023, formulated the Medium-Term Management Plan "Plan for Fulfilled Growth" for the three years starting from fiscal 2023.

During fiscal 2023, the first year of the Medium-Term Management Plan, the Group made advancements in various initiatives based on the three core policies aiming for "Growth with Quality" as set out in the Medium-Term Management Plan.

(1) Create Social Value: Contribute to "Fulfilled Growth"

The Group made progress on initiatives to solve the following five priority issues in an aim to contribute to the realization of "Fulfilled Growth," where people feel fulfilled as economic growth accompanies the resolution of social issues.

(Note 1) A concept that combines three elements: "Diversity," "Equity," and "Inclusion." A company provides proper support depending on each individual situation and characteristic and designs an environment where diverse group of people can perform their ability to the maximum extent.

During the current fiscal year, the Company and Sumitomo Mitsui Banking Corporation established the Fulfilled Growth Department in an aim to promote specific actions towards creation of social value. To ensure that each and every employee takes initiatives in engaging with the priority issues, the Group focused on facilitating dialogues within the organization to instill a sense of participation by setting up opportunities for the exchange of opinions between management and employees and sharing good practices related to social value creation, all while working to address a wide range of social issues. Specifically, in an effort to contribute to the decarbonization of the real economy, the Group formulated the "Transition Finance Playbook," which outlines the Company's definitions and criteria for transition finance (Note 2), and supported the customers' efforts towards net-zero emissions of greenhouse gases. Furthermore, with an objective to provide educational opportunities for children who will be major players in the next generation, the Group collaborated with Chance for Children, Inc. and issued "SMBC Group Study Coupon," which can be used for cram school lessons and extracurricular activities outside of school, and worked in cooperation with Kumon Institute of Education Co., Ltd. to offer financial literacy education to children in children's homes to support their future independence.

(Note 2)Refers to a financing method which aims to support companies undertaking efforts to reduce greenhouse gas emissions as part of a long-term strategy to achieve a decarbonized society. The Group defines it as "financial services provided to clients aiming to support them align their business and/or operations with pathways in line with the objectives of the Paris Agreement."

(2) Pursue Economic Value: Transformation & Growth

In order to realize further profitability growth accompanied by enhanced capital efficiency, the Group has engaged in steadily realizing the benefits of existing growth investments and initiatives that it has carried out thus far as well as transforming our business portfolio in the following seven key strategic areas.

(Note 3)"Corporate and Investment Banking," a business model for corporate customers in which commercial banking business such as deposits and loans, and investment banking business such as fund raising in capital markets and M&A advisory are collectively developed.

(Note 4)"Sales & Trading," business to provide solutions using marketable financial products such as foreign exchange, bonds, and derivatives to business corporations and institutional investors.

Specifically, the following initiatives were advanced in the Retail, Wholesale, Global, and Global Markets Business Units.

#### I. Retail Business Unit

The Retail Business Unit engages mainly in business aimed at individual customers.

Sumitomo Mitsui Banking Corporation and Sumitomo Mitsui Card Company, Limited worked to expand customer bases and build digital-based business models, centered on "Olive," a comprehensive financial service for individual customers. Specifically, in collaboration with LIFENET INSURANCE COMPANY, Sumitomo Mitsui Card Company, Limited started offering the life insurance product "V-Point Accumulating Insurance" and worked on expanding services offered through "Olive". In addition, Sumitomo Mitsui Banking Corporation developed "STORE," a store exclusively for individual customers to provide specialized consultations related to "Olive," wealth management and other issues. In the wealth management business, to meet the diverse needs of individual customers, Sumitomo Mitsui Banking Corporation, SMBC Nikko Securities Inc., and SMBC Trust Bank Ltd. expanded client assets and enhanced profitability by strengthening their collaboration and providing services on a group-wide basis.

#### II. Wholesale Business Unit

The Wholesale Business Unit engages in business mainly aimed at corporate clients in Japan.

First, with regard to virtually interest-free and unsecured loans, which support customers whose cash flow were adversely affected by COVID-19, the Wholesale Business Unit worked thoroughly and carefully to support customers, including flexible responses to changes in term of the loans as full-scale repayment commenced.

The Group also promoted to propose solutions to the various business challenges of customers. For customers at turning points in their business, the Group collectively provided solutions including revitalization finance and equity investments. In addition, to foster the creation of unlisted companies in Japan with a market capitalization exceeding 100 billion yen (known as the "Unicorn Companies"), Sumitomo Mitsui Banking Corporation in collaboration with Global Brain Corporation and SMBC Venture Capital Management Co., Ltd. established a growth fund and provided support for startup companies. Furthermore, to assist DX (digital transformation) efforts of customers, Sumitomo Mitsui Banking Corporation and Sumitomo Mitsui Card Company, Limited launched the web payment service "iB-tle," which enables centralized management of business-to-business settlements, while Sumitomo Mitsui Banking Corporation began offering new services to improve the efficiency of bank account management and payments for condominium management associations in collaboration with NTT Data NJK Corporation.

#### III. Global Business Unit

The Global Business Unit engages in business aimed at Japanese and non-Japanese corporate clients and financial institutions operating business overseas, and foreign corporate clients operating inside Japan.

In the CIB business, in order to further develop the collaboration with Jefferies Group LLC, a U.S. general securities firm, the Group strengthened its strategic capital and business alliance and expanded the businesses and regions covered by the collaboration. In our "Multi-franchise Strategy" with the objective of "establishing a second and third franchise in Asia," the Global Business Unit expanded its business base in Asia by making SMFG India Credit Company Limited, a leading non-bank in India, a wholly-owned subsidiary, and making PT Oto Multiartha and PT Summit Oto Finance subsidiaries to capture the growth in the Indonesian automobile and motorcycle sales finance market. In addition, to build a platform for the U.S. retail business and sustain growth in the U.S. operations, SMBC MANUBANK, located in Los Angeles, launched "Jenius Bank," a digital-based retail banking business, which began offering personal loans and savings accounts to U.S. residents.

#### IV. Global Markets Business Unit

The Global Markets Business Unit carries out ALM operations (Note 5) that comprehensively manage the liquidity risk and interest rate risk, and provides customers with services through marketable financial products such as foreign exchange, derivatives, bonds, and stocks.

While interest rate hikes ceased in the U.S. and Europe, Japan steered towards the normalization of monetary policy, and interest rates and stock prices in advanced economies are significantly fluctuated due to market participants' speculations. Even under such market conditions, the Global Markets Business Unit secured profits through its equity and bond portfolios management which steadily captured investment opportunities and appropriately controlled risks. In Sales & Trading operations, in order to meet the diverse needs of corporate and institutional customers, the Global Markets Business Unit worked to strengthen its global-basis collaboration and further enhanced its ability to make proposals tailored to customers' needs. Furthermore, with regard to foreign currency funding, in order to continuously support customers' overseas businesses, the Global Markets Business Unit diversified their funding methods and expanded its investor base while proactively responding to changes in the funding environment, thus carried out balanced operations between maintaining stability and improving efficiency.

(Note 5) "Asset Liability Management," a risk management method that optimizes future asset and liability balance and seeks to maximize revenue.

In addition to the efforts of each business unit, in order to become an "asset management solution provider" that offers optimal plans tailored to meet the diversifying needs of customers regarding asset management and contribute to promoting Japan as a leading asset management center, Nikko Global Wrap Ltd. was made into a wholly-owned subsidiary, which plays a key role in providing solutions on a group-wide basis. Furthermore, Sumitomo Mitsui DS Asset Management Company, Limited strengthened its asset management business by beginning full-scale operation of the new fund "SMDAM Global Macro Absolute Return Fund," utilizing the comprehensive management capabilities of the Group.

#### (3) Rebuild Corporate Infrastructure: Quality builds Trust

The Group has worked to further strengthen its management base to earn the trust of diverse stakeholders.

In the previous year, following the incident that resulted in the Company, SMBC Nikko Securities Inc. and Sumitomo Mitsui Banking Corporation being issued Administrative Disposition, the Company, SMBC Nikko Securities Inc. and Sumitomo Mitsui Banking Corporation formulated an improvement plan. In the current year, the Group steadily implemented measures based on the improvement plan, and made progress on validation of each measure by internal audits and external attorneys. In addition, to further penetrate and instill a sound organizational culture, the Group enhanced training programs for executive officers and employees and promoted various initiatives such as distributing messages from the Group CEO at the annual policy meeting.

In addition, to continuously strengthen the internal control of the Group, the Group advanced the compliance and risk management framework across the Group and global basis and made efforts to strengthen the monitoring to detect early signs of significant risk events, thereby establishing a system to respond flexibly to changes in the environment.

Furthermore, the Group worked to strengthen its corporate infrastructure to support business expansion and the advancement of its business model by focusing on advancing human capital management by setting up human resources portfolio management in line with our business strategy and supporting independent and diverse career development for employees, and expanding its system infrastructure using advanced technologies, including the introduction of the AI assistant tool SMBC-GAI (Note 6).

(Note 6) "Generative artificial intelligence," technology that interprets the intention of a text and generates natural language sentences. It is capable of advanced text processing by training on large amounts of textual data.

As a result of these initiatives, the Group recorded consolidated ordinary profit and consolidated profit attributable to owners of parent of 1,466.1 billion yen and 962.9 billion yen, respectively, in fiscal 2023.

## **Issues to be Addressed**

The current situation is undergoing various changes, such as the termination of the negative interest rate policy in Japan, the actualization of geopolitical risks, and transformations in life due to the spread of digital technologies including generative AI. The Group, in response to these changes and based on the three core policies described above in the Medium-Term Management Plan, aims to achieve "Growth with Quality" by further advancing past initiatives through leveraging the collective strengths of the Group, while further paying attention to the trends of its customers and in society.

### **(1) Create Social Value: Contribute to "Fulfilled Growth"**

The Group will contribute to realizing "Fulfilled Growth" where people feel fulfilled as economic growth accompanies the resolution of social issues. Centered on Sustainability Division for Fulfilled Growth, which was newly established to enhance the capability of execution towards creation of social value, the Group will establish frameworks that enable each and every employee to actively participate and contribute to resolving issues faced by customers, local communities, and industries. In addition, the Group will intensify group-wide basis efforts to address the aforementioned five issues which was designated as priority issues for the Group, focusing on strengthening businesses for resolution, creating new businesses, and initiatives to reduce risks through enhancing the management system against environmental and social risks.

### **(2) Pursue Economic Value: Transformation & Growth**

By focusing on capital efficiency, engaging in the dynamic reallocation of business resources and carrying out its respective initiatives in a speedy manner, the Group aims to exponentially strengthen profitability. The Group will engage in "continuous reform of business model" which reflects major changes in the environment and efforts to "establish franchises in key strategic areas" while steadily realizing the benefits of existing growth investments and initiatives. Through the efforts, the Group will transform its business portfolio and realize steady growth in profitability that is accompanied by enhanced capital efficiency.

Furthermore, the Group shall carry out initiatives focusing on the tireless pursuit of synergies through further alignment among the Group, risk taking at opportune times, the pursuit of new challenges, and innovation.

Specifically, in domestic business, the Group will implement business reforms taking into consideration the potential for future yen interest rate hikes. In the business for individual customers, the Group aims to acquire customer bases and deposits in an effective manner while maintaining the competitive advantages of its products and branch structure through promotion of "Olive" and the development of "STORE" by Sumitomo Mitsui Banking Corporation. In the business for corporate customers, the Group will also rebuild an efficient business model and improve profitability by revising the structure for Wholesale business through digitization and enhancing payment business. In addition, the Group will enhance its capital efficiency by not relying solely on the support of finance for the customers, but by also enhancing the Group's fee-based business. In overseas business, the Group will enhance its capital efficiency through a review of the business portfolio and a dynamically shift of management resources, further expand our U.S. operations based on collaboration with Jefferies Group LLC, and strive to realize robust growth that will drive the growth of the Group by steadily advancing collaboration with the investees through its "Multi-franchise Strategy" in Asia.

### (3) Rebuild Corporate Infrastructure: Quality builds Trust

The Group will engage in tireless efforts to rebuild its corporate infrastructure in order to win the trust of customers and other stakeholders which forms the basis of its various activities.

First, based on the Administrative Disposition issued to the Group, the Group will continue efforts for the further fostering and instilling of a sound corporate culture and the enhancement of governance and compliance capabilities, while continuing to strengthen its internal control through IT investments and personnel deployment on a both the Group and global basis.

In addition, in order to expand and upgrade our business model even in an uncertain environment, the Group will establish a personnel system to secure and develop diverse and talented human resources, and promote investment in human capital and enhancement of human resource management. Furthermore, to promote the digitalization necessary for enhancing the Group's competitiveness and strengthening governance, the Group strengthen its management foundation by enhancing its corporate infrastructure through unprecedentedly large and aggressive IT investments.

The Group aims to respond to shareholder expectations by showing steady results regarding the initiatives described above. The Group looks forward to the continued understanding and support of its shareholders.

**(2) Changes in Financial Position and Results of Operations (Consolidated Basis and Non-Consolidated Basis)**

a. Changes in Financial Position and Results of Operations (Consolidated Basis)

Unit: millions of yen

	FY2020 (Fiscal year ended March 31, 2021)	FY2021 (Fiscal year ended March 31, 2022)	FY2022 (Fiscal year ended March 31, 2023)	FY2023 (Fiscal year ended March 31, 2024)
Ordinary income	3,902,307	4,111,127	6,142,155	9,353,590

## (2) Compensation, etc. for Directors and Corporate Executive Officers

Unit: millions of yen

Classification	Persons paid	Compensation, etc.	Compensation			
			Monetary compensation		Non-monetary compensation	
			Non-performance-linked	Performance-linked		Non-performance-linked
			Base salary	Cash bonus	Stock Compensation Plan I/II	Stock Compensation Plan III
Directors	16	470	348	33	88	-
Corporate Executive Officers	14	927	430	171	320	5
Total	30	1,398	779	205	408	5

- (Notes)
1. Amounts less than one million yen have been rounded down.
  2. Corporate Executive Officers do not receive an employee salary nor do they receive consideration for the performance of other duties.
  3. Compensation, etc. paid to Directors concurrently serving as Corporate Executive Officers is included in the amount for Corporate Executive Officers.
  4. "Cash bonus (Monetary compensation)" and "Stock Compensation Plan II" are paid for as annual performance-linked compensation.  
"Stock Compensation Plan I" is paid for as medium-term performance-linked compensation.
  5. "Stock Compensation Plan I," "Stock Compensation Plan II" and "Stock Compensation Plan III" represent the amount of compensation in the form of shares of the Company's restricted stock corresponding to fiscal 2023.
  6. The above-written amounts include "Compensation, etc. for Outside Directors" as mentioned below.

### Policy for individual remuneration for directors, corporate executive officers and executive officers

The Company hereby establishes the Executive Compensation Policy (the "Policy") in order to provide guiding principles for its Compensation Committee to determine individual remuneration for its directors, corporate executive officers and executive officers (the "Executives").

The Policy's aim is that executive compensation pursuant to it shall provide the appropriate incentives for the Executives to pursue the Mission and Vision of the Group.

#### 1. Core Principles

Our executive compensation shall be determined in accordance with the core principles below:

- 1) The Group's executive compensation aims at providing appropriate incentives toward the realization of the Mission and Vision of the Group.
- 2) The Group's executive compensation shall reflect the changing business environment and the short-, medium- and long-term performance of the Group, and shall account for the contribution to shareholder value, customer satisfaction and a sustainable society.
- 3) Individual remuneration shall reflect the assigned roles and responsibilities as well as the performance of each Executive.
- 4) The Company shall research and review market practices, including the use of third-party surveys, in order to provide its Executives with a competitive remuneration package.
- 5) The Company's executive compensation shall discourage excessive risk-taking and foster a prudent risk culture expected of a financial institution.
- 6) Both external and internal regulations/guidelines on executive compensation shall be observed and respected.
- 7) The Company shall establish appropriate governance and controls of the compensation process, and shall regularly review to update its executive compensation practices according to changing market practices and/or business environment.

## 2. Compensation Programme

- 1) The Company's executive compensation programme (the "Programme") shall have three components: base salary, cash bonus, and stock compensation.

However, compensation of outside directors and Audit Committee members is composed of base salary only, in light of their role to oversee the execution of duties of executive officers, etc.

- 2) In order to hold the Executives accountable and provide them with appropriate incentives for the performance of the Group, the Programme targets the variable compensation component of total remuneration at 40% to 60% in accordance with the corporate titles of each Executive, if paid at standard levels. Corresponding with the performance of the Group, the degree of contribution to realization of a sustainable society, and the performance of each Executive, the variable component could range from 0% to 150% of the standard levels, which shall be determined by corporate titles of the Executives.
- 3) In order to enhance shareholding of the Executives and align their interests with shareholders, the Programme targets its stock-based compensation components at 25% to 45% of total remuneration, in accordance with the corporate titles of each Executive, if paid at standard levels.
- 4) The above target levels shall be appropriately set in accordance with the roles, responsibilities, etc. of each Executive.
- 5) Base salary shall be periodically paid in cash and shall be, in principle, determined by the corporate titles of each Executive, reflecting the roles, responsibilities, etc.
- 6) Annual incentives shall be determined based on the performance of the previous fiscal year of the Group, the degree of contribution to the realization of a sustainable society, as well as on the performance of each Executive reviewed both from short-term and medium-/long-term perspectives. 70% of the determined amount shall be, in principle, paid as a cash bonus and the remaining 30% shall be paid under Stock Compensation Plan II (annual performance share plan).

(1) Weight by each target index is as follows:

Target index		Weight
SMFG Net business profit* <sup>1</sup>	Annual growth/Target achievement	50%
SMFG Net income* <sup>2</sup>	Annual growth/Target achievement	50%

\*1 The Company's consolidated net business profit

\*2 The Company's consolidated profit attributable to owners of parent

If the Compensation Committee recognizes any element other than the above-mentioned target indexes which should be taken into consideration, the Compensation Committee will, if appropriate, judge the circumstances comprehensively and may adjust the compensation to be paid to the employee by a maximum of 5%, plus or minus.

(2) The degree of contribution to realization of a sustainable society shall be reflected as an adjustment to the score determined in (1) by a maximum of 10%, plus or minus, based on the single-year achievement of KPIs and results of major ESG ratings.

- 7) Stock compensation plans consist of Stock Compensation Plan I (the "Plan I"), under which the remuneration of the Executives shall be determined based on the Group's medium-term performance, etc., Stock Compensation Plan II (the "Plan II"), determined based on the Group's annual performance, etc. and Stock Compensation Plan III (the "Plan III"), determined based on corporate titles, etc.
  - (1) Under the stock compensation plans, the Executives shall receive remuneration via shares of the Company's common stock. The transfer of such stock shall be restricted for appropriately defined periods.
  - (2) Remuneration under Plan I shall be determined based on the Group's performance against the Medium-Term Management Plan, performance of the Company's shares, the achievement of KPIs related to creation of social values, etc. after the term of the Group's Medium-Term Management Plan ends. 70% of the evaluation index is determined based on financial index (Medium-Term Management Plan target), 15% is determined based on share index, and 15% is determined based on non-financial index.

Weight by each evaluation index is as follows:

Evaluation index <sup>*1,2</sup>		Weight
Financial index	ROCET1 <sup>*3</sup>	20%
	Base expense <sup>*4</sup>	20%
	Gross profit <sup>*5</sup>	15%
	Net income <sup>*6</sup>	15%
Share index	TSR (Total shareholder return) <sup>*7</sup>	15%
Non-financial index	Create social value <sup>*8</sup>	15%

\*1 (Adjustment evaluation) The Compensation Committee determines the score of maximum 5% plus or minus such figure taking into account comprehensively two items, which are "Initiatives in new business areas" and "Compliance, customer-oriented initiatives, and risk management."

\*2 (Knock-out provision) In case "CET1 ratio (Post-Basel III reforms basis, excludes net unrealized gains (losses) on other securities)" falls below a designated level at the end of each fiscal year, "Stock Compensation Plan I" for the respective fiscal year becomes null and void.

\*3 Post-Basel III reforms basis, excludes net unrealized gains (losses) on other securities

\*4 General and administrative expenses excluding "revenue-linked cost," "prior investment cost" and others

\*5 The Company's consolidated gross profit

\*6 The Company's consolidated profit attributable to owners of parent

\*7 The Compensation Committee determines progress of performance by relative evaluation of TSR during the term of the Group's Medium-Term Management Plan.

\*8 (Create social value) The Compensation Committee evaluates the achievement of KPIs related to the environment (FE reduction and amount of sustainability finance executed) and employees (employee engagement and DE&I), as well as the status of efforts to address the five priority issues set forth by the Group ("Environment," "DE&I/Human Rights," "Poverty & Inequality," "Declining Birthrate & Aging Population," and "Japan's Regrowth").

(3) Remunerations under Plan II shall be determined based on the performance of the previous fiscal year of the Group, the degree of contribution to the realization of a sustainable society, as well as on the performance of each Executive reviewed both from short-term and medium-/long-term perspectives. Remuneration paid by restricted shares shall effectively act as deferred compensation.

(4) Remuneration under Plan III shall be determined based on corporate titles, roles, and responsibilities, etc.

8) In the event of material amendments to the financial statements or material reputational damages caused by the Executives, remunerations under the Plans could be reduced or fully forfeit.

9) Notwithstanding the above, if the Compensation Committee determines that it is not appropriate to apply the above matters due to the role of an Executive in each Group company or other reasonable circumstances, or if the Compensation Committee determines that it is not appropriate to apply the above matters to an Executive domiciled outside Japan, compensation shall be individually designed and determined not only in accordance with the above Core Principles, but also with consideration to local regulations, guidelines, and other local market practices, whilst ensuring the compensation should not incentivize for excessive risk-taking.

### 3. Governance and Control of the Compensation Processes

- 1) The Company, as a Company with Three Committees, has established a Compensation Committee to resolve the following:
  - ✓ The Policy, the Programme and relevant regulations.
  - ✓ Individual remunerations for the Company's directors and corporate executive officers.
- 2) In addition to the above, Compensation Committee shall review and discuss the below:
  - ✓ The individual remuneration for the Company's other executive officers.
  - ✓ Executive compensation programmes/practices of the group companies.

### 4. Amendments to and Abolition of the Policy

Amendments to and abolition of the Policy shall be resolved at the Compensation Committee.

The Policy was revised by resolution of the Compensation Committee held on March 26, 2024.

As described in "2. Compensation Programme, 2) and 3)," the Company changed the ratios of the variable compensation component and the stock-based compensation components of total remuneration. Also, as described in "2. Compensation Programme, 6), (1)," the Company changed evaluation indexes and weight used to determine annual bonuses. Individual remuneration for the Executives for fiscal 2023 would be paid in accordance with the policy before the revision.

## Reason of the selection of target index used for calculating performance-linked compensation and the actual performance

### 1. Annual performance-linked compensation

#### 1) Reason of the selection

The Company shall pay annual performance-linked compensation in the form of "Cash bonus (Monetary compensation)" and "Stock Compensation Plan II."

The Company adopts as target indexes, "SMFG net income" which indicates the bottom line business results, "SMBC Banking profit" and "SMBC Net income (Pre-Tax)" which indicate earnings level of main subsidiaries, with a view to enhancing the linkage between corporate performance and Executives' compensation, and ensuring adequacy of its function as performance incentive. In addition, the Company adopts the annual "progress of KPIs" and "performances of external ESG ratings" as ESG evaluation, with a view to reflecting the degree of contribution towards the realization of a sustainable society on the compensation.

#### 2) Actual Performance

For fiscal 2023, with respect to "Cash bonus (Monetary compensation)" and "Stock Compensation Plan II," the actual performance of each target index, results of ESG evaluation and performance evaluation coefficient were as follows.

Cash bonus (Monetary compensation)/Stock Compensation Plan II					
Target index		Weight		Actual performance <sup>*5</sup>	Performance evaluation coefficient
SMBC banking profit <sup>*1</sup>	Annual growth/ Target achievement	50%	▶	57.1%	124% <sup>*6</sup>
SMBC net income (Pre-Tax) <sup>*2</sup>	Annual growth/ Target achievement	25%		33.3%	
SMFG net income <sup>*3</sup>	Annual growth/ Target achievement	25%		29.6%	
ESG evaluation		Weight		Evaluation results	
Progress of KPIs <sup>*4</sup>		±10%		+4.0%	
Performances of external ESG ratings					

\*1 Adding collaboration incentives between each company in the Group and Sumitomo Mitsui Banking Corporation to the banking profit at Sumitomo Mitsui Banking Corporation

\*2 Income before income taxes at Sumitomo Mitsui Banking Corporation

\*3 The Company's consolidated profit attributable to owners of parent

\*4 Performances of annual progress of KPIs in the "SMBC Group GREEN×GLOBE 2030," such as the reduction of greenhouse gas emissions

\*5 Level of performance against each target index multiplied by evaluation weight

\*6 The final performance evaluation coefficient was determined by summing the actual performance and the evaluation results and rounding down to the nearest whole number.

The Compensation Committee determined performance evaluation coefficient based on the actual performances of each target index and ESG evaluation for fiscal 2023, which then was multiplied by the sum of the standard bonus amount by corporate titles to determine bonus fund. Based on this bonus fund, the amounts of performance-linked remuneration for individual Executives were determined in accordance with the remuneration determination process set forth in the Policy, considering short-term and medium-/long-term of the individual performance of duties of each Executive.

2. Medium-term performance-linked compensation

1) Reason of the selection

The Company pays medium-term performance-linked compensation in the form of "Stock Compensation Plan I."

In order to hold the Executives accountable and provide them with appropriate incentives for contribution to the medium-term to long-term corporate performance, enhancement of shareholder value and realization of sustainable society, "TSR (Total Shareholder Return)" is adopted as a share performance index and "Creation of social values" is adopted as a non-financial index, in addition to four financial performance indexes of "ROCET1," "Base expense," "Gross profit" and "Net income."

In addition to the above, two adjustment items of evaluation, namely, "Initiatives in new business areas" and "Compliance, customer-oriented initiatives, and risk management" shall be comprehensively assessed at the Compensation Committee, and reflected on the evaluation.

The Compensation Committee shall, following the final year of the period covered under the current Medium-Term Management Plan, determine its evaluation of the aforementioned target index based on the actual performance against the Medium-Term Management Plan as basis for calculating the amount of remuneration.

2) Actual performance

As the actual result of the evaluation index for the medium-term performance-linked compensation will be determined only after the end of the final year of the period covered under the current Medium-Term Management Plan, only the description of each evaluation index and the evaluation weight are described here.

Stock Compensation Plan I					
Evaluation index*1		Weight		Actual performance	Evaluation
Financial index	ROCET1*2	20%	▶	Evaluation will be finalized after the final year of the period covered under the current Medium-Term Management Plan	
	Base expense*3	20%			
	Gross profit*4	15%			
	Net income*5	15%			
Share index	TSR (Total shareholder return)*6	15%			
Non-financial index	Create social value*7	15%			
Adjustment evaluation	Initiatives in new business areas Compliance, customer-oriented initiatives, and risk management	±5%			

\*1 (Knock-out provision) In case "CET1 ratio (Post-Basel III reforms basis, excludes net unrealized gains (losses) on other securities)" falls below a designated level at the end of each fiscal year, "Stock Compensation Plan I" for the respective fiscal year becomes null and void.

\*2 Post-Basel III reforms basis, excludes net unrealized gains (losses) on other securities

\*3 General and administrative expenses excluding "revenue-linked cost," "prior investment cost" and others

\*4 The Company's consolidated gross profit

\*5 The Company's consolidated profit attributable to owners of parent

\*6 The Compensation Committee determines progress of performance by relative evaluation of TSR during the term of the Group's Medium-Term Management Plan.

\*7 The Compensation Committee evaluates the achievement of KPIs related to the environment (FE reduction and amount of sustainability finance executed) and employees (employee engagement and DE&I), as well as the status of efforts to address the five priority issues set forth by the Group ("Environment," "DE&I/Human Rights," "Poverty & Inequality," "Declining Birthrate & Aging Population," and "Japan's Regrowth").

**Reason of the decision by the Compensation Committee that individual remuneration, etc. for corporate executive officers and other executives are in line with the Policy**

The Company decided at its Compensation Committee "Executive compensation policy" and the executive compensation programme including the compensation programme as prescribed under the Policy, and individual remuneration for corporate executive officers and other executives were decided in accordance with the procedures set out under the Policy. The Compensation Committee decided that individual remuneration for corporate executive officers and other executives was in line with the Policy, based on the results of the third-party surveys on the Executive's compensation, and the multilateral review and examination of various factors such as whether the executive compensation programme was working as an appropriate incentive in view of the business environment surrounding the Group and the corporate performance over short-term, medium-term, and long-term.

### (3) Liability Limitation Agreement

Name			Summary of Liability Limitation Agreement
Masayuki Matsumoto	Shozo Yamazaki	Yoshinobu Tsutsui	In accordance with the provisions provided for in Article 427, Paragraph 1 of the Companies Act (the "Act"), the Company has entered into agreements with the Outside Directors stated in the left column to limit the liability provided for in Article 423, Paragraph 1 of the Act to the higher of either 10 million yen or the minimum amount provided for in Article 423, Paragraph 1 of the Act.

### **Opinion**

We have audited the financial statements, which comprise the balance sheet, the statement of income, the statement of changes in net assets, a summary of significant accounting policies and other explanatory information, and the accompanying supplementary schedules ("the financial statements and the accompanying supplementary schedules") of Sumitomo Mitsui Financial Group, Inc. ("the Company") as at March 31, 2024 and for the year from April 1, 2023 to March 31, 2024 in accordance with Article 436-2-1 of the Companies Act.

In our opinion, the financial statements and the accompanying supplementary schedules referred to above present fairly, in all material respects, the financial position and the results of operations of the Company for the period, for which the financial statements and the accompanying supplementary schedules were prepared, in accordance with accounting principles generally accepted in Japan.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the *Audit of the Financial Statements and the Accompanying Supplementary Schedules* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Other Information**

The other information comprises the business report and its supplementary schedules. Management is responsible for the preparation and presentation of the other information. The Audit Committee are responsible for overseeing the directors' performance of their duties with regard to the design, implementation and maintenance of the reporting process for the other information.

Our opinion on the financial statements and the accompanying supplementary schedules does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements and the accompanying supplementary schedules, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements and the accompanying supplementary schedules or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### **Responsibilities of Management and The Audit Committee for the Financial Statements and the Accompanying Supplementary Schedules**

Management is responsible for the preparation and fair presentation of the financial statements and the accompanying supplementary schedules in accordance with accounting principles generally accepted in Japan, and for such internal

control as management determines is necessary to enable the preparation of financial statements and the accompanying supplementary schedules that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements and the accompanying supplementary schedules, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern in accordance with accounting principles generally accepted in Japan.

The Audit Committee are responsible for overseeing the directors and the corporate executive officers' performance of their duties with regard to the design, implementation and maintenance of the Company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Financial Statements and the Accompanying Supplementary Schedules**

Our objectives are to obtain reasonable assurance about whether the financial statements and the accompanying supplementary schedules as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements and the accompanying supplementary schedules.

As part of our audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements and the accompanying supplementary schedules, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The selection and application of audit procedures depends on the auditor's judgment.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, while the objective of the audit is not to express an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements and the accompanying supplementary schedules or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate whether the presentation and disclosures in the financial statements and the accompanying supplementary schedules are in accordance with accounting standards generally accepted in Japan, the overall presentation, structure and content of the financial statements and the accompanying supplementary schedules, including the disclosures, and whether the financial statements and the accompanying supplementary schedules represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with The Audit Committee regarding, among other matters, the planned scope and timing of the audit, significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide The Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Interest required to be disclosed by the Certified Public Accountants Act of Japan**

We do not have any interest in the Company which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.

#### **Notes to the Reader of Independent Auditor's Report:**

This is an English translation of the Independent Auditor's Report as required by the Companies Act of Japan for the conveniences of the reader.

## Audit Report

The Audit Committee has audited the execution of duties by Directors and Corporate Executive Officers of the Company for the 22nd fiscal year from April 1, 2023 to March 31, 2024, and hereby reports the method and the results of the audit as follows:

### 1. Auditing Method and Details Thereof

The Audit Committee periodically received reports from the Directors, Corporate Executive Officers and other relevant personnel with respect to the content of resolutions made by the Board of Directors regarding matters prescribed by Article 416, Paragraph 1, Item 1 (b) and (e) of the Companies Act of Japan, and with respect to the status of establishment and operations of the systems that have been developed in compliance with such resolutions (internal control systems), sought their explanations as necessary, and expressed an opinion. In addition, the Audit Committee conducted audits based on the following methods.

- 1) In accordance with the auditing policies, including allocation of duties established by the Audit Committee, the Audit Committee attended important meetings, received reports from the Directors, Corporate Executive Officers and other relevant personnel on matters regarding the execution of their duties, sought explanations as necessary, inspected important internal-approval documents, and examined the operations and financial position of the Company, by deploying the department in charge of internal audits and in cooperation with the internal control departments of the Company. As for the subsidiaries of the Company, the Audit Committee shared information with the Directors and the Corporate Auditors and other related persons of the subsidiaries and, when necessary, received reports from the subsidiaries regarding their businesses. In regard to the Company's internal control over financial reporting, the Audit Committee received reports on the assessment of such internal control from the Directors, Corporate Executive Officers and other relevant personnel and reports on the status of audit thereof from KPMG AZSA LLC, and also sought their explanations as necessary.
- 2) The Audit Committee monitored and examined whether the Accounting Auditor maintained its independence and implemented appropriate audits, as well as received reports from the Accounting Auditor regarding the execution of its duties and sought explanations as necessary. The Audit Committee also received notification from the Accounting Auditor that the "System for ensuring appropriate execution of the duties of the Accounting Auditor" (as enumerated in each Item of Article 131 of the Company Accounting Regulation Ordinance) has been prepared in accordance with the "Quality Control Standards for Auditing" (issued by the Business Accounting Council) and other relevant standards, and sought explanations as necessary.

Based on the foregoing method, the Audit Committee reviewed the business report and the supplementary schedules, the consolidated financial statements for this fiscal year (consolidated balance sheet, consolidated statement of income, and consolidated statement of changes in net assets) as well as the non-consolidated financial statements for this fiscal year (non-consolidated balance sheet, non-consolidated statement of income, and non-consolidated statement of changes in net assets) and supplementary schedules thereto.

## 2. Audit Results

### (1) Audit Results on the Business Report, etc.

- 1) In our opinion, the business report and the supplementary schedules fairly represent the Company's condition in conformity with the applicable laws and regulations as well as the Articles of Incorporation of the Company.
- 2) We have found no evidence of misconduct or material facts in violation of the applicable laws and regulations, nor of any violation with respect to the Articles of Incorporation of the Company, related to performance of duties by the Directors and Corporate Executive Officers.
- 3) In our opinion, the content of the resolutions of the Board of Directors regarding the internal control systems is appropriate. In addition, we have found no matters on which to remark in regard to the content of the Business Report and the execution of duties by the Directors and Corporate Executive Officers regarding the internal control systems including the internal control over financial reporting.

### (2) Results of Audit of the Consolidated Financial Statements

In our opinion, the method and the results of the audit used and conducted by KPMG AZSA LLC, the Accounting Auditor, are appropriate.

### (3) Results of Audit of the Non-Consolidated Financial Statements and Supplementary Schedules

In our opinion, the method and the results of the audit used and conducted by KPMG AZSA LLC, the Accounting Auditor, are appropriate.
